# HAPPY DAYS for MOTHER EARTH

13<sup>th</sup> - 15<sup>th</sup> August 2000 – Spruga, Aichstetten, Reinach AG

it came out of the desire to find a new understanding of living together with nature

So we decided to create a big festival for mother earth where we

**celebrate, play music, sing, dance and be joyful**

in order to create a vast field of joy and strength for mother earth and all her beings.

There are many other similar events **around the globe** that are all connected on an energetic level since we are all sharing the same purpose.

Everybody who understands and **shares this vision** is invited to **take part in this or any other celebration** dedicated to pacha mamma and nature **or even start your own party** wherever it feels right for you.

## Details for Happy Days for Mother Earth

Since we are not the first initiative to come up with an idea like this, there have been a lot of other events that we can learn from about how create a setting for a thoughtful a nature friendly event.

Groups like the Rainbow Family, Shamanic lodges and Permaculturists are willing to share their knowledge and contribute in many ways to this festival.

Some ideas about how this specific festival should look like:

- ❖ Everybody is welcome and is free to join or to leave whenever he wants to. So please bring your friends and family
- ❖ Everybody joining the gathering should have in mind that tolerance and respect for each other are essential for a joyful and uplifting experience.
- ❖ Everybody is responsible for himself and his well being
- ❖ Celebrating in nature means that we have to be aware of this is valuable ground for all sorts of animals living in and of that space (leave pets at home)
- ❖ We collect our garbage so we keep and leave the area clean
- ❖ We cook and heat with wooden fire instead of electrical devices
- ❖ We don't go by car to the festival area, but walk at least the last couple of hundred meters by foot
- ❖ We are consciously present in the HERE and NOW and connected to what is happening around us (no drugs or alcohol abuse)
- ❖ Contribute to the community with your own individual activities since the intention is to experience a feeling of a big WE-awareness
- ❖ We sing and play instruments instead of using tapes or preserved music
- ❖ We trade and exchange, but we are not looking for material profit
